DETAILED ACTION

Remarks

1. In view of indicated allowable subject matter in previous Office Action, the cancellation of claims 19, 25 and 26 has put all the remaining claims in a condition for allowance.

Allowable Subject Matter

2. Claims 17, 18 and 21-24 are allowed.

3. The following is a statement of reasons for the indication of allowable subject matter:

Regarding claim 17, the prior art of record does not show the drive device as described in claim 17 wherein said drive devices including first switching transistors connected electrically to the power supply and second switching transistors connected electrically to ground, and wherein joints of the first and second switching transistors to the control substrate of said controller are disposed between said power supply terminal joints and said motor terminal joints.

Regarding claim 18, the prior art of record does not show the substrate as described in claim 18 wherein the substrate of said controller has formed thereon a printed circuit which includes a first conductor coupled directly to said first input terminal, a second conductor coupled directly to said second input terminal, a third conductor coupled directly to said first output terminal, and a fourth conductor coupled directly to said second output terminal, and wherein an interval between said power supply terminal joints and said motor terminal joints lies within a range defined by a first

straight line extending through outer edges of said first and third conductors and a second straight line extending through outer edges of said second and fourth conductors.
